

MARYLAND MEDICAID PHARMACY PROGRAM

No. 136
October 11, 2013

ADVISORY

In an effort to give timely notice to the pharmacy community concerning important pharmacy topics, the Department of Health and Mental Hygiene's (DHMH) Maryland Medicaid Pharmacy Program (MMPP) has developed the Maryland Medicaid Pharmacy Program Advisory. To expedite information timely to the pharmacy and prescriber communities, an email network has been established which incorporates the email lists of the Maryland Pharmacists Association, EPIC, CARE, Long Term Care Consultants, headquarters of all chain drugstores and prescriber associations and organizations. It is our hope that the information is disseminated to all interested parties. If you have not received this email through any of the previously noted parties or via DHMH, please contact the MMPP representative at 410-767-1455.

Primary Adult Care (PAC)

As you may be aware, the current PAC program will end as of 12/31/2013, and all of the current and future enrolled recipients will be automatically transferred to full Medicaid benefits under the Affordable Care Act (ACA) expansion on January 1, 2014. Please continue to provide pharmacy services to all of the current and future recipients enrolled in the PAC as business as usual. If you have any additional question, please contact PAC program either by phone at 1-800-226-2142 or visit PAC website: <https://mmcp.dhmh.maryland.gov/mpac/SitePages/Home.aspx>
